

REMARKS/ARGUMENTS

Applicant respectfully requests reconsideration of this application.

Some claims have been amended and support for such may be found throughout the specification as originally submitted.

Claim Rejection under 35 U.S.C. § 101

As amended, Applicant submits that the claims overcome this rejection because they produce a useful, concrete and tangible result, for example, but not limited to, a physical transformation in a memory or other storage device, a real world display of results to a user, etc.

CONCLUSION

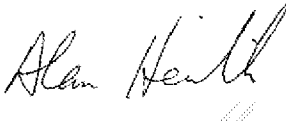

Applicant submits that any claim not directly discussed is addressed via the independent claim discussion on which it is dependent.

Applicant respectfully submits that all claims are in condition for allowance, and requests allowance of all claims.

The Examiner is invited to call Alan Heimlich at 408 253-3860 if there remains any issue with allowance. Cleartext email communication is authorized.

Respectfully submitted,
